Description

Decorative floor flakes

Decorative flakes for use with epoxy and polyurethane resins. The flakes improve the appearance of the floor and mask irregularities and defects in the subfloor. The use of flakes provides an additional anti-slip effect.

A decorative effect can be obtained by covering the substrate not only with one color of the petals, but also with a mix of colors.

It is applied for -
garages, cellars, terraces, storage rooms

Consumption:
0.01 kg/m2
