Description

Foldable Modular House 37 m² — Ready-to-Live Housing Solution

The foldable–expandable modular house with a total area of 37 m² is a practical, modern and fully functional solution for permanent living or holiday use. Its construction allows quick installation, easy transportation and flexible adaptation while maintaining a high level of comfort.

Key Features

Fully foldable construction with 20-foot container dimensions when packed

Total living area: 37 m²

Fast installation with minimal site preparation

High energy efficiency and excellent thermal insulation

Layout

2 separate bedrooms

Kitchen with built-in furniture — ready for immediate use

Bathroom equipped with a shower, toilet and sink

Functional layout designed for comfortable everyday living

Construction and Materials

External walls made of 50–100 mm sandwich panels — insulation level selectable

Reinforced steel structure

Airtight folding/unfolding system

Optional bamboo–polymer decorative wall panels in various textures and colours

---

Optional Equipment

Graphene underfloor heating — modern and energy-efficient technology

Multiple window configurations — different sizes and opening mechanisms

Additional customisation available for the kitchen and bathroom

---

Advantages

Rapid installation — from a few hours to one day

Easy transportation

Low operating and maintenance costs

Suitable for year-round living (depending on insulation thickness)

Versatile use: private homes, guest houses, camp sites, rentals or temporary housing

---

Perfect choice if you want:

? A comfortable, fully functional home with minimal hassle
? Modern design with customisable options
? Mobility, quick installation and long-term durability
